IN OHRID OPENED ANOTHER GAS STATION OF LUKOIL.

The gas station has store with area of 147 m2, mini bar, and the buyers can buy EKTO fuels, regular diesel and LPG.

The general director Andrei Cucu, on this occasion, said that the high quality of the service and of the EKTO fuels, which in the moment are the most efficient on the Macedonian market, will be more available for the citizens, considering the top tourist season.

He expressed appreciation to the local and the state authorities for the assistance in the realization of another project of LUKOIL Macedonia.
