BEST AT THEIR PROFESSION

Pursuant to the decision of the Company's management, in the period between the 24th and the 27th of August 2015, the eight competition for professional know-how and skills organized for LUKOIL's employees called "Best at their profession" took place in Ufa, the Russian Federation.

This international competition was attended by our representatives, Aleksandar Runtevski and Milena Bogdanovska, who have demonstrated a great deal of professional knowledge and have shown, once again, that LUKOIL Makedonija employs many true professionals in their respective area of expertise.

Company's management has expressed its gratitude for the participation at the competition and its hope that the high level of professionalism in our employees shall serve as a basis and a guarantee for sustainable development of LUKOIL Makedonija.
