LUKOIL MACEDONIJA HAS OPENED NEW PETROL STATION IN KOCANI

Today, new and modern LUKOIL petrol station in Kochani was officially opened. This is the third LUKOIL station in the area, it is located on the expressway A3 Kochani - Shtip, at 41, Mite Stojchev Street, Trkanje.

The petrol station is a multipurpose complex built according to the company's corporate style. Consumers will be able to purchase the high-quality ECTO fuel, which is economical because more kilometers are driven with ECTO, but also because of the improved environmental properties. LPG autogas is also available, as well as oils from the LUKOIL range.

The petrol station in Kochani, which is the 36th opened in the country, is also an ideal place to rest while traveling - it has a spacious parking lot for vehicles, a modern summer terrace and excellent coffee. You will also receive a complete service tailored to your needs – a well-stocked store with a wide range of products, car accessories and professional and friendly staff.
