LUKOIL MAKEDONIJA REVEALED ITS NEW CORPORATE STYLE AT THE  
KISELA VODA AND AERODROM FILLING STATIONS.

LUKOIL Makedonija has renovated and modernized two filling stations, Kisela Voda filling station at "Boris Trajkovski" Street and the Aerodrom filling station located at "Srbija" Boulevard.

LUKOIL has introduced new standards that will apply to building and modernization of all filling stations, and therefore, the company has decided to upgrade all existing filling stations in order to maintain unified look and provide better shopping experience to its customers.

"During this past period, we at LUKOIL have been very busy! We have always tried to keep up with the latest trends and to offer our clients the ultimate shopping experience. Our high-quality fuels are to be delivered to each and every LUKOIL's client through a top-notch service, delivered at every LUKOIL filling station. Therefore, in the past few years, we have been focused on modernizing our filling stations"- said Mr. Andrei Cucu, Regional Manager.

The filling stations around Macedonia, such as the filling stations in Bitola, Tetovo, Skopje, Radovish, Kochani etc. got the new LUKOIL corporate style. In addition to the branded ECTO fuel that can only be purchased at LUKOIL's filling station, the new filling stations offer additional services and amenities, such as high-quality coffee, internet connection, outdoor decks etc.

The new filling stations in Skopje offer clients free Wi-Fi connection. The Aerodrom filling station offers its clients cozy and refreshed enclosed outdoor deck offering excellent amenities to welcome and wish safe trips to all of its customers.
