LUKOIL MACEDONIA HAS OPENED A NEW PETROL STATION IN  
KAVADARCI

A new LUKOIL petrol station has been opened for the citizens of Kavadarci, 37, Shishka Street. The petrol station is the 35th for LUKOIL in Macedonia, covers an area of 4,200 m<sup>2</sup> and was constructed according to the latest corporate style of the company. It consists of multi-functional complex with a stocked market, a spacious parking lot for vehicles. The station will provide useful services for all visitors and will employ 14 people, trained according to the professional company programs.

At the new petrol station, consumers can buy the well-known branded ECTO fuel from LUKOIL, which is considered to be the most efficient fuel at the Macedonian market due to its performance. ECTO fuel enables increased engine power, faster start and reduced consumption. Also LPG-autogas will be available at the petrol station, as well as motor oils from the LUKOIL range. In accordance with the corporate LUKOIL standards the petrol station offers a wide range of additional services, including Wi-Fi and other benefits for people transiting this region.
