LUKOIL'S RUN OVER JSP AND GOT TO THE FINALS OF THE BUSINESS LEAGUE

Lukoil's team broke the ice, when Marjan Cvetkovski, undoubtedly the best goalkeeper in the League, scored a point at the very beginning of the match. Only few minutes into the match, under his leadership, the team of Lukoil managed to impose their pace on the opposing team. Lukoil's team lost one player because of an aggressive play, so JSP team soon took advantage of the situation and reached the end of the first half with just one point less (3-2). Soon after the start of the second half, Lukoil's team player Igor Damjanoski managed to score a majestic goal, but the joy was short-lived. It didn't take much for Davor Kalinovski from JSP's team to strike back, preventing Lukoil's team of gaining too much advantage. At the end, it was the fitness that Lukoil's teammates demonstrated that decided who was going to win the match.

Next Wednesday, the 7th of May 2014, at 20:30 hrs. in Boris Trajkovski Sports Center, Lukoil will face its final opponent, Montenegro, to fight for the title of champion of the Business League.
